

Reception letters to Santa

Christmas was just around the corner! The children in Reception were very excited about what Santa Clause may bring them this year.

First, to help Santa out we decided to write letters to him with what we would *really* like.

Next, we had to fold our special letters so they would fit in the envelopes.

After that, we put Santa's address on the front and a stamp in the corner.

Finally, we could post our letters to the North Pole! We had to walk along the path to the post box. We were very careful and kept ourselves safe.

We kept our fingers crossed and waited patiently to hear if Santa Clause had received our letters.

Wow! Santa wrote back to us here at The Coppice. He said that his little elves were keeping an eye on everyone in Reception and were reporting back to him. Santa Clause was very impressed with how good we all were in Reception.
